

> CALM C42 SERIES

Packaged Terminal Air Conditioner

The Applied Comfort Products C42 Series has a combination of durability and serviceability. Designed with the industry standard sleeve of 16 X 42, this unit simplifies installation while ensuring a seamless fit in a variety of applications. Its engineering features not only enhance the longevity of the unit but also facilitate easier maintenance, allowing for quick service access when needed.

Equipped with components engineered for higher static pressure airflow and class-leading sound characteristics, the C42 Series delivers efficient performance without compromising comfort. The indoor cross-flow fan optimizes airflow while creating a low noise unit, helping to create a pleasant environment. Additionally, the modern room enclosure offers a subtle and clean aesthetic, complemented by a tilt-out filter door that provides easy access for routine maintenance.

All of our manufactured C42EE units will run with the R32 eco-friendly refrigerant.

1st year parts and labor.
2nd to 6th year sealed system parts.
Free shipping on warranty parts.
Additional extended warranty for purchase.

Sleeve Size: Industry Standard 16" X 42"

Features

Easy to Configure

Dipswitches and simple LED touchpad controls make versatile chassis easy to configure to specific applications.

Room Freeze Protection

Automatically maintains room temperature above freezing.

Front Desk Ready

Front desk control through 24V control protocol.

Fan Cycle Control

Select continuous fan or fan cycling.

Electronic Temperature Limits

Flexible heating and cooling range limits.

Filtered Fresh Air Intake

By concealed manual control.

Random Compressor Restart

Prevent power surges after power outages.

Electronic Defrost Control

More run time in the heat pump mode.
